Botswana Traditional Values in a Modern Learning Environment.

LKC - THE GOLD STANDARD OF EDUCATION

We all want the best for our children, including an education that prepares them for success in a competitive world. That opportunity exists at Livingstone Kolobeng College (LKC), where excellence is the norm – both in the classroom and on the sports field!

Academics

At LKC, our highly qualified and dedicated teachers deliver the Cambridge lower school, IGCE and 'A' level courses in a wide variety of subjects to mixed ability students. The teachers themselves come from different countries, bringing with them a broad range of experience and in-depth subject knowledge. LKC students are used to well-structured, engaging lessons that challenge them to develop their skills and knowledge; and both they and the staff are supported by an administration team dedicated to providing the perfect environment for success. And we really do mean success! LKC is top of the class when it comes to academic achievement. Our 2019 May/June A levels were the best in country, we had a 99% pass rate and 98% credit pass in all AS and A2 subjects and our students were admitted to internationally respected universities on five continents.

those of their peers. LKC won the competition this year, earning thirty gold, forty-two silver and seventeen bronze medals. We won it last year as well. And the year before. And... you get the point. For seven consecutive years LKC has come top in the toughest schools' athletics competition in the country. Now, that's success! That's not all, though. Our rugby team - the Jaguars - is waiting to pounce on any opposition, nationally and internationally. Our soccer, netball, basketball, badminton and swimming teams compete at the highest level and our tennis team has won the ISSSA competition seven times in a row.

Sports

LKC is synonymous with sporting victory, and our staff are committed to coaching and training students to be first over the line. Our athletes run fast and far, jump high and long, and throw further than you would have thought possible. There is no better measure of our success than the annual Independent Senior Secondary Schools Sports Association competition (ISSSA), in which seventeen schools strive for dominance. Botswana's best contestants come from all over the country to pit their strengths against

Eye on the prize

We recently held our prize-giving ceremony, in which we recognized the sporting and academic success of LKC students. The awe-inspiring range of talent on display included our pre-school students performing a song and dance, our traditional and modern dancers, our motivational speakers, and our poets. The event clearly showed that an LKC education goes beyond the classroom and the sports field; extending into the cultural, artistic and creative minds of our students. We at LKC know that we are responsible for preparing our students for life beyond school. It is a responsibility we take very seriously.

Remember that wish to have the best for your children? Livingstone Kolobeng College shares that wish and is committed to seeing it fulfilled.
